You are responsible for leaving your room in the condition described in the Room Inventory Form at the start of the year.

STUDENT PROPERTY INSURANCE
The University assumes no responsibility for loss or damage to any resident’s personal property from any cause. We strongly recommend residents obtain insurance coverage by verifying coverage under a parent’s homeowner’s policy, by purchasing a renter’s insurance policy, or by purchasing coverage under the University’s Student Personal Property Insurance Program available at www.fidelityins.com.

TELEPHONE SERVICES
Students are encouraged to bring their own cell phone and service plan. Traditional telephone service (landline) is available by request for an additional quarterly fee. Telephone service includes local calling and voice mail; students must provide their own telephone. For more information, contact Telecommunications at 360-650-3600.

Read more about fire prevention in student housing at www.fireproofyourself.org.

FLU PREVENTION
The WWU Student Health Center recommends that students, faculty and staff get an annual flu shot. Residents should also bring a flu kit containing a digital thermometer, fever reducer, decongestant, tissues, antibacterial soap or hand sanitizer. Read more about preventing the flu at www.wwu.edu/chw/student_health/.

LAUNDRY FACILITIES
Self-serve laundry rooms are available in the residence halls and Birnam Wood. Washers and dryers operate on a coinless laundry card system: every student gets a laundry card at move-in; value can be added with cash, credit or debit at the laundry card kiosks located in the dining commons and Birnam Wood. New York Apartments have their own in-suite washer/dryer units.

BATHROOM FACILITIES
Students must bring their own towels and toiletries; toilet tissue is furnished in the residence halls. Residential bathrooms assigned to four or more residents are cleaned by custodial staff. Students in apartments, and residence hall suites with three or fewer students, are responsible for cleaning their own bathrooms.

BEDS & BEDDING
All beds on campus are extra-long twin. You must bring your own sheets (extra-long twin are recommended), along with blankets, pillow, mattress pad or foam topper. A limited number of extensions are available for students 6’7” or taller. To reserve an extension, contact Assignments@wwu.edu no later than June 15.

Bed Configurations
Beds in most residence halls can be reconfigured into bunk, loft or captain styles. Depending on the set up you want, bed parts may be needed and are available for check-out on opening day at your residence hall; some students like to bring their own half-inch socket wrench. Beds in Ridgeway Beta and Gamma are fixed to the floor, so they cannot be moved or reconfigured. Beds in Buchanan Towers, Birnam Wood and New York can be bunked or un-bunked without additional parts.

TRANSPORTATION & PARKING
Community Transit
All students taking six or more credits pay a mandatory Alternative Transportation Fee of $25 per quarter and receive a Viking Xpress bus pass for the Whatcom Transit Authority (WTA). In addition to its local routes, WTA has connections to Mount Vernon, Anacortes, Oak Harbor, Everett, Seattle and Tacoma. See routes and schedules at www.ridewta.com.

Bicycles
Bicycles are a preferred form of transportation in the University’s Institutional Master Plan. All residential buildings provide some form of bicycle storage, and there are over 900 parking spaces within the academic core. Riders must dismount in designated walk zones, effective 9:00AM-4:00PM on regular class days during the academic year. Bicycle headlight and rear reflector are required by law after dusk. A cable and U-lock secured to a stationary bike rack are the best defense against theft.

Skateboards
Western recognizes skateboards as a legitimate form of alternative transportation. Riders must dismount in designated walk zones, effective 9AM-4PM on regular class days during the academic year. Skateboards on city streets prohibited by law.

Private Vehicles
Limited residential parking is available by permit and costs about $275 for the academic year. Apply online at www.ps.wwu.edu/parking.

Housing Agreement

Housing applicants must endorse the Housing Agreement and pay a $200 housing deposit to be eligible for a housing assignment. By endorsing the Housing Agreement, you promise to abide by the following contractual terms and statutes:

1. University Residences Housing Agreement
2. University Residences Policies and Procedures
3. WWU Student Rights and Responsibilities Code

Length of Agreement

Duration of the Housing Agreement is the full academic year or remainder thereof if you moved in mid-year. Moving out of the residential system before the end of the contract term may result in a contract breakage fee up to $400. The housing contract term for academic year 2010-2011 is Sunday September 19, 2010 – Friday June 10, 2011.

Cancellation Prior to Arrival

For Fall Quarter arrival, cancel in writing by June 30 and receive a full refund of the $200 housing deposit; cancel by August 31 and receive a $100 refund. No refunds for cancellations made after August 31. For Winter or Spring Quarter arrival, no refunds for cancellations made after the housing deposit has been paid. To cancel your housing, email Assignments@wwu.edu.

Housing Assignment

Priority consideration is given to students who applied for housing and paid their housing deposit on time. Then housing applicants are ranked in the order they applied for admission, giving highest priority to those who applied early. Finally we assign rooms according to roommate status, housing preference and gender.

Roommate Assignment

Login to MyHousing to view contact information for your roommate(s) and suitemate, if any. You are encouraged to contact each other to plan your space.

Requesting Reassignment

Once the school year is underway, students may request to move within or between buildings. Room transfers are coordinated by building staff and may require a one-on-one with your Resident Director and some time on the waitlist.

Painting Rotation

Residential rooms are painted on a rotating basis. If your room is scheduled to be painted, you will be notified and invited to an informational meeting. The paint used in student rooms contains no volatile organic compounds (VOC) and we ensure the best environmental practices in the maintenance of our buildings.

ALL ABOUT YOUR STUDENT ACCOUNT
www.wwu.edu/depts/sfs/StudentAccounts/
RESIDENTIAL MEAL PLANS
Meal plans are required of all students living in residence halls, and optional for those living in Birnam Wood or New York Apartments. Choosing the meal plan that’s right for you will depend on how many meals you typically eat in a day, your schedule throughout the week, and how often you eat in a dining commons versus the retail markets and cafés. When you enter the dining commons, a swipe of your Western Card deducts your visit from your meal allowance. You may upgrade your meal plan anytime you decide you need more than your current plan provides. You may downsize your meal plan anytime during the first two weeks of the quarter. Unused meals expire at the end of the quarter.

- Unlimited Meal Plan: Maximum flexibility
- 125 Meal Plan: About 12 meals/week
- 100 Meal Plan: About 9 meals/week
- 75 Meal Plan: About 7 meals/week
- Commuter Meal Plan: Apartment residents only

Dining Dollars
Meal plans include a quarterly allocation of meals for use in any dining commons, plus 150 Dining Dollars. Dining Dollars can be used with a swipe of your card in any of the cafés and markets across campus or to buy additional meals in the dining commons. Dining Dollars carry over from one quarter to the next and expire at the end of the academic year.

MUNCH MONEY
Munch Money is a prepaid debit account that allows you to buy food at any campus eatery with a swipe of your Western Card. Munch Money is used by students, faculty and staff, and residents who want to supplement their meal plans. Munch Money lets you buy food items tax-free and at a 10% discount—an overall savings of 18.5%. You can add Munch Money to your Western Card in person, by mail or online.

STUDENT EMPLOYMENT
Each year University Dining Services has over 500 students working on campus in various dining locations. Job openings include cashier, espresso barista, dishwasher, janitor, food server, food production, cook and more. Visit the website for application information.

RESIDENTIAL DINING COMMONS
Twenty-four meals a week are served among three dining commons, including breakfast, lunch, light lunch, dinner, late night, and weekend brunch. Students, faculty and staff may dine in any commons they wish, paying the entrance fee with a meal plan, Dining Dollars, Munch Money, cash or credit card. Expect a buffet style atmosphere with real dishes and lots of seating.

- Viking Commons: North Campus
- Ridgeway Commons: West Campus
- Fairhaven Commons: South Campus

MARKETS & CAFÉS
We offer a wide array of retail locations ranging from convenience store to coffeehouse. All venues accept Dining Dollars, Munch Money, cash and credit. MEDIA CONNECTIONS
Comcast Ethernet and basic cable TV are provided in every residential room and included in the room rent. Wireless Internet access is available around campus and requires a valid network login.

On move-in day, ResTek consultants will be in the residence halls to guide you through the network registration process. Your computer must have current antivirus software, and be patched with all the latest security updates for your operating system.

COMPUTER LABS
Six residential computer labs, along with stand-alone work stations in most buildings, provide 24-hour technology access to the residence halls. These labs and workstations are typically PC format, equipped with Microsoft Office, multimedia applications, laser printing, Internet and network access. Mac workstations are available in the Fairhaven and Ridgeway Commons. Residential computer labs providing centralized services are located here:

  Buchanan Towers
  Fairhaven Commons
  Higginson Hall
  Mathes Hall
  Nash Hall
  Ridgeway Commons

TECH SUPPORT
Residential Technology Services (ResTek) provides education and support to campus residents in their use of technology. The ResTek staff is composed of WWU students who have been trained to assist residents by phone, email, online chat, and room visits. Throughout the year, ResTek consultants are readily available to assist you with virus and spyware infections, safe Internet habits, and connecting your computer to the Internet. ResTek provides guidance while you gain knowledge and confidence in maintaining your own computer.

RESTEK INTERNSHIPS
The ResTek Internship program offers student interns paid training and work experience during the first week of Fall Quarter helping their neighbors connect to the Internet. After the first week of classes, interns continue in an unpaid capacity, acting as ongoing liaisons between their residence halls and ResTek, attending ResTek staff meetings, and gaining insight into ResTek operations. All Interns receive fun-filled computer-related training. ResTek Interns also receive early notification of openings for paid ResTek positions.
